### Williamsport Water Supply Bolstered

Williamsport's water crisis apparently is over—temporarily. Today it was reported the village well was furnishing water at the rate of 100 gallons a minute—sufficient to meet most needs. However, the community still has a long-range problem. The village has been without adequate water for about a week.

An 18-foot well located near Deer Creek has gone virtually dry. Today water is being pumped from Deer Creek into a pit adjacent to the well. The water drains through a thick gravel bed and into the well, from which it is being pumped. This is an emergency measure, village officials report. It will give

them time to decide on whether or not to drill another well to supply the community's needs. It is hoped the Ohio Department of Health will allow the use of the pit system until a good supply of water can be found.

WILLIAMSPORT residents have been asked to curtail the use of water through the crisis. School has been closed all week, except for a half-day session Wednesday. In an effort to assist the village through the shortage period, and to enable the reopening of the school, yesterday the Westfall School District Board of Education decided to reopen a school well, capped in 1952 or 1953 when the village water system started. Circleville plumber Kenneth Wilson has been hired to do the necessary work.

Pickaway County Superintendent George D. McDowell this morning reported the Williamsport school will re-open Monday. He stated that it could have been in session today, if school officials had been informed sooner of the fact that the Williamsport water system is now pumping 100 gallons per minute.

The Teays Valley Board hired Wilson to install a jet type water pump and a 120-gallon pressure tank for the school well. Cecil Roebuck, Williamsport's supervising principal, today went to the Ohio State Department of Health in Columbus with a water sample taken from the well.

At present the well water is chlorinated, but as soon as well equipment is installed, Wilson will pump out this water and another sample will be taken to the Health Department for inspection and approval. The well will be capable of furnishing 700 gallons an hour.

The school will not be switched over to its own well unless the Williamsport water supply fails again.

### Heavy Snow Hits Most of State

By THE ASSOCIATED PRESS

A heavy fall of snow covering a 100-mile wide band extending from southwest to northeast Ohio hampered movement of highway traffic and made driving hazardous for thousands of Ohioans going to their jobs this morning.

The latest snowfall was attributed to a low pressure area moving eastward through Kentucky.

The Weather Bureau estimated a snow accumulation up to three inches before the skies clear with the coming of much colder weather in the afternoon. Snow flurries and possible snow squalls are expected to continue near Lake Erie.

The new snowfall came only hours after Thursday's milder temperatures had melted the snow and ice left from last weekend's accumulation.

By 6 a. m. at least two inches of snow had fallen in the Dayton and Columbus areas. Chesapeake and Marietta reported some rain before sunrise. There was snow in Cincinnati, but the Weather Bureau said there would be little if

any snow in the extreme northwest.

The colder weather moving in for the weekend will come from a cold Canadian air mass. Temperatures are expected to be below freezing over most of the state Saturday and Sunday, and low overnight temperatures will range from 10 to 20 degrees.

The Weather Bureau said driving will continue to be hazardous over much of the state today, but will improve some on the weekend except possibly in the northeast counties.

The Ohio Turnpike was reported wet, snow covered and slippery in spots.

Highways are wet north west of Van Wert, Kenton, Tiffin and Port Clinton, and also south east of Lisbon, New Philadelphia, Caldwell, Logan and Gallipolis.

In Cincinnati and Hamilton County, at least a dozen schools were closed because of the heavy snow. Two schools were closed in Butler County.

All 21 of Columbiana County's rural schools were closed by noon. The schools in five districts have a total of more than 5,800 pupils.

### West Airlines to Berlin Threatened by Communists

MAN-MADE MOON — Roy W. Johnson, director of the Space Agency, tells newsmen that a program of earth satellite launchings is being started to put a five-ton man-made moon in orbit. The program will begin on the west coast in 30 days. Johnson is holding a drawing of the 1,300-pound satellite vehicle.

### Parade Scheduled For Santa's Visit

Santa Claus will arrive in Circleville at 4 p.m. tomorrow. The jolly old gent will take part in a parade through the downtown area and then will walk about the downtown area passing out goodies to kiddies.

Arriving from the North Pole, Santa will board a special float in front of the Armory on E. Franklin St. He then will parade to Court St., north on Court St. to Main St., west on Main St. to Scioto St., north on Scioto St. to Pinckney St., east on Pinckney St. to Court St., and south on Court St. to Main St. where he will alight from the float.

The famous Christmas character will be accompanied on his trip through Circleville by the Circleville High School Band.

The annual visit of Santa Claus gets the Yule shopping season under way for downtown merchants. Already the stores are open every Wednesday afternoon, until Christmas. Starting a week from today the stores will be open every night until Christmas Eve when they will close at 6 p.m.

Santa's visit here is sponsored by the Retail Merchants Committee of the Circleville Area Chamber of Commerce.

### East German Red Asks Halt To Traffic

Adenauer Says Allies To Put Responsibility For Accord on Soviet

BERLIN (AP)—The threat of Communist interference mounted today against busy American, British and French airliners shuttling in and out of isolated West Berlin.

One of East Germany's top Communists, Politburo member Hermann Matern, told a West Berlin election rally Thursday night that the airlines—Pan American, Air France and British European Airways—have no legal right to fly over East German territory.

"This situation must be brought in order," he declared. He did not say what action the Communists have in mind.

West German Chancellor Konrad Adenauer, who addressed an election rally in another part of West Berlin, said the Western powers would hold the Russians responsible for keeping open all routes to Berlin, including the air corridors. He said he had a personal letter from U. S. Secretary of State John Foster Dulles reaffirming that position.

The letter, he added, specifically mentioned the 1949 Paris agreement in which the Russians ended their 1948-49 blockade and guaranteed free access to this Allied foothold 110 miles behind the Iron Curtain.

This was the first specific attack on the Western airlines.

Soviet Premier Nikita Khrushchev is threatening to hand over Soviet occupation controls in Berlin to the East Germans in six months. The East Germans have declared loudly that the West would then have to negotiate with them for access to the city.

During the blockade of 1948-49 the Russians closed down the West's road, rail and water links but did not interfere with the airlift that broke the blockade.

### Nursery Bus, Train Crash; Girl Killed

CHICAGO (AP) — One little girl was killed and 12 other persons were injured, three critically, when a nursery school bus and a freight train collided at a suburban Dixmoor crossing shortly before dusk Thursday.

Authorities said an engine fireman prevented a higher death toll by flagging down an approaching train and then dragging several children from the tracks.

The children, all 3 to 5-year-olds, were heading home from a suburban Blue Island nursery. Several children were tossed from the wrecked vehicle by the impact.

Edward Fike, trainmaster for the Indiana Harbor Belt Line Railroad, a freight line, said the bus was on the tracks when his train headed into the crossing which is guarded by flashing lights.

After the collision, the fireman, John Matthew, 36, leaped from the engine and lit a flare to halt a freight train approaching the multiple crossing on another track. Then he dragged several children, tossed from the bus, from the tracks.

Matthew was injured and reported in critical condition in a Blue Island hospital.

### New Moonshoot Blastoff Awaited

NEW YORK (AP)—A huge U.S. moon rocket—short on brains but long on brawn — may blast into space this weekend on a trip that could take just 34 hours, but might last millions of years.

It is the U.S. Army's first shot at the moon — and like its Explorer satellite shots, the Army hasn't spared the horses.

This is perhaps the greatest difference between the planned Army probe and the last three shots by the U.S. Air Force, one of which reached as high as 79,000 miles.

The Air Force satellite weighed about 85 pounds. It was aimed at an orbit or at least a single trip around the moon. In its final stage it carried the electronic brains and maneuvering rocket to do the job.

The elaborate guidance system and reversing rocket in the Air Force shot added greatly to the final stage weight—but the Army rocket gets along with a minimum of guidance brains and no reversing rocket. It undoubtedly carries some instruments for measuring the phenomena of space, but the Army has not announced any details.

The 30-pound Army shot is less ambitious. It too is aimed at the moon with the intention of hitting

the lunar surface. But if all works well it may be destined for a greater glory.

The Army has packed its rocket, dubbed Juno II, with enough power and speed to overcome the pull of the earth's gravity shot, says it has a 1 in 2 chance of building up escape velocity — and so blasting away from the earth into a possible orbit around the sun.

Such an orbit might last millions of years.

This assumes first that all the moon rocket's engines will fire and that it will overshoot the moon.

The moon is not an easy target to hit. So many things are unknown about its mass and behavior that it can easily be missed.

Just as unpredictable is the behavior of the moon rocket itself.

The Army has kept mum on its rocket plans, because it said it doesn't want to occasion a buildup of public expectancy and the consequent pressure on its rocket people.

But two days ago the service tower was pulled back from the big moon rocket at Cape Canaveral, Fla., and it stood with its nose only shrouded.

### Today's News in Brief

WASHINGTON (AP)—Secretary of State John Foster Dulles returned to the capital today, facing a deskful of problems.

One of the big ones was to work out proposals to the Soviet Union which may result in new East-West conferences on unification of Germany.

CLEVELAND (AP)—Scientists at a private tracking station here are convinced the mystery signals which apparently are coming from outer space are not from Sputnik III.

"There may be something new in orbit out there," said Dr. A. L. Jones, head of the private (Standard Oil Co. of Ohio) research laboratory. The laboratory picked the signals up twice in an interval of about 5 1/2 hours Thursday.

WASHINGTON (AP) — The North-South Democratic split over civil rights was underscored at a party credential hearing called today. One Southerner called National Chairman Paul M. Butler a troublemaker and said he should be removed.

COLUMBUS, Ohio (AP)—The people who keep Ohio's government running find out today just how fast they can get out of Columbus if the day of an enemy attack ever comes.

Led by Gov. C. William O'Neill, about 750 state workers are taking part in a mock emergency evacu-

ation to the Ohio University campus at Athens, 75 miles away.

COLUMBUS, Ohio (AP)—Newly elected Democratic members of the Ohio House meet in Columbus today to elect a speaker and other officers.

Rep. James A. Lantz, a Lancaster attorney, is DiSalle's choice for speaker. He is expected to battle it out with Rep. James J. McGettrick of Cleveland for the post.

UNITED NATIONS, N. Y. (AP)—U. N. efforts to launch peace talks for Cyprus fizzled today after a compromise plan failed to muster enough votes to ensure General Assembly approval.

NEW YORK (AP)—Most stocks and airlines were mixed. Drug and so-called "Space Age" stocks advanced. Strength in the drug issues followed news that some of these companies are experimenting on a vaccine against measles.

DAYTON, Ohio (AP)—The late Charles F. Kettering, automotive genius and former General Motors research head, left an estate conservatively estimated at a little more than 200 million dollars.

WASHINGTON (AP) — Soviet military technicians are expected to arrive soon in Iraq as a follow-up to Soviet arms shipments to Premier Abdel Kerim Kassem's government.

### Trio Is Held In Fight Quiz

Roy Thompson Lands In Berger Hospital

Roy Thompson, 63, of 327 Walnut St. (rear), was rushed to Berger Hospital yesterday. He was severely beaten following a neighborhood quarrel, police said.

Officers said Thompson suffered a fractured skull, three fractures of the jaw and a broken nose. He was reported in "fairly good" condition today.

Police are holding three men in connection with the beating. They are Charles Hayes, 70, Logan St.; Steven Hall, 34, W. Main St.; and Robert Binkley, 45, E. Main St.

Local officers said the beating took place at Hayes' residence following a drinking spree. According to lawmen, Thompson's wife was involved in the incident.

POLICE said the quarrel apparently started when Thompson learned that his wife had been too friendly with Hayes. Mrs. Thompson reportedly suffered a heart attack following the beating. Officers said she was taken to Berger Hospital.

Investigation at the hospital revealed that Thompson probably had been kicked in the face or struck with a heavy instrument. Police said he remained "critical" several hours before his condition improved.

According to police, all three men will be held for further investigation before charges are filed.

### Teenage Challenge Leads to Slaying

DAYTON, Ohio (AP)—A teenager's challenge to a fight resulted in the fatal shooting of Julius Milnickel, 19, of Dayton on a downtown Dayton street, police said.

Police are holding for investigation 16-year-old Carl Farley of Dayton.

Police quoted witnesses as saying Milnickel was in a group of five youths who came out of a pool hall late Thursday night and stood talking in a parking lot.

Farley and another 16-year-old youth approached the group, and a challenge to fight was exchanged.

Milnickel left the group and approached Farley, police said, and Farley drew a pistol and fired.

### Ohio County Officials Name New Officers

COLUMBUS, Ohio (AP)—James Fulton of Guernsey County was elected president of the Ohio Clerk of Courts Assn. today.

Earl Lautenschlager of Wayne County was named president of the County Auditors Assn. of Ohio, and Mrs. Hilda E. Riggs of Morrow County was chosen president of the Ohio Records Assn.

The three state organizations elected officers as their annual conventions ended here today.

The Clerk of Courts elected David A. Jones of Van Wert County first vice president; Glenn Pyle of Licking County, second vice president; Isaac Rowles of Fairfield County, third vice president; Florence Palmer of Defiance County, treasurer, and Lilla Delewese of Franklin County, secretary.

The County Auditors named Rex Wilson of Hardin County as vice president; Donald R. Kinsey of Tuscarawas County, secretary, and Forrest Hanson of Madison County, treasurer.

The Records elected vice presidents Frank S. Day, Cuyahoga County, D. D. Orewiler, Richland County, and Elsie Johnson, Fayette County. They also named Mrs. Lucille Lux, Fulton County, as secretary, and Rex Zollinger, Fairfield County, treasurer.

FUN IN THE SNOW — Two Circleville youngsters have been enjoying the recent snows, like all youngsters. They are shown here zipping down a sharp incline at the Walnut Street School. At left is John Rodgers, 7, and his sister, Pamela Sue, 10, is beside him. They are the children of Mr. and Mrs. Howard J. Rodgers, 327 Walnut St. The typical, old-fashioned pre-Christmas weather is currently putting Circleville and area "in the mood" for the holidays. (Staff Photo)

## 4 Britons Hoping To Fly Across Atlantic in Balloon

SANTA CRUZE DE TENERIFE, Canary Islands (AP)—Four intrepid Britons, one a woman, hope to set off from the Canary Islands Saturday night on a perilous flight across the Atlantic in a balloon.

The four want to gather information on weather conditions and wind currents during a 3,000-mile attempt to reach Barbados, in the British West Indies. The voyage is under the patronage of Prince Philip, husband of Queen Elizabeth II.

## Capital Hears O'Neill Seeks U.S. Judgeship

WASHINGTON (AP)—Ohio Gov. C. William O'Neill says publicly that he'll return to law practice when he turns over the reins of state government to Democrat Michael V. DiSalle in January. But reports in Washington circles say he's still after an appellate judgeship.

The office of Ohio Sen. John W. Bricker, a Republican like O'Neill, says it has received reports that the governor is angling for a vacant judgeship on the Sixth District Court of Appeals in Cincinnati.

These reports circulated before and that's when O'Neill told news-men he plans to go back to practicing law in either Columbus or his hometown of Marietta.

## Scouts Given Citation

Pickaway District Boy Scouts last night at the Lutheran Church Parish House were presented a certificate of achievement for "Noteworthy Performance in the National Vehicle Safety-Check for Communities."

The Boys Scouts' May safety check project was entered in national competition by the Pickaway County Traffic Safety Committee.

The certificate was received late in November by the local Safety Committee president, Winthrop Story, from the Ohio Safety Committee's representative for this region.

The certificate was presented to Circleville Mayor Ben H. Gordon, who in turn awarded it to Judge Guy G. Cline, Pickaway District Scout chairman, at a meeting of Scout Roundtable held last night.

**THE AWARD** winning activity took place on the afternoons of May 17 and 24. The Scouts were assisted by Scout leaders, Kiwanis, Junior Chamber of Commerce and Lions clubs.

Cub Scouts made traffic safety cones and promoted the activity. Troops 155, 170, 323, 52 and 205 assisted in conducting the actual vehicle safety check.

Story commented, "This was a very commendable activity and I'm happy that an award was won. Maintaining a car in safe driving condition is a must."

He further stated, "I would like to add that this should be a year round activity for car owners. With winter here, it is more than ever important to check lights, tires, exhaust and windshield wipers for proper functioning and condition for the more rugged driving of the winter season."

## State Official Seeks Data On Bank Loan for Anti-RTW

COLUMBUS, Ohio (AP)—Secretary of State Ted W. Brown wants to know what security was posted with the Huntington National Bank of Columbus for a \$392,500 loan to right-to-work proponents.

Brown said he will ask Atty. Gen. William Saxbe for an opinion on the extent of his authority to require information from the bank.

State Rep. Elton Kile (R-Madison), chairman of the Campaign Committee for Issue 2 filed a required report with Brown, listing the loan. Kile said the committee also obtained a \$261,500 loan from the Ohio Chamber of Commerce.

A Chamber spokesman said that loan came from the Chamber's reserve fund. He said it went to the committee to pay for television and newspaper advertising in the unsuccessful campaign to pass the right-to-work proposal in Ohio's

**SPITTING ON A STONE?**  
Ever try spitting on a stone to ease pain? Sounds foolish, nowadays. But a long time ago folks actually used this "remedy." We're lucky to be living in this age of modern medicine. Medical science has given us many wonderful pain relievers and other reliable, effective drugs. However, it's still not wise to use any medication indiscriminately. When you don't feel up to par, ask your physician's advice first. Then, if he prescribes medication, come to us. We'll fill his prescription promptly and carefully.

## 4 Britons Hoping To Fly Across Atlantic in Balloon

SANTA CRUZ DE TENERIFE, Canary Islands (AP) — Four intrepid Britons, one a woman, hope to set off from the Canary Islands Saturday night on a perilous flight across the Atlantic in a balloon.

The four want to gather information on weather conditions and wind currents during a 3,000-mile attempt to reach Barbados, in the British West Indies. The voyage is under the patronage of Prince Philip, husband of Queen Elizabeth II.

The balloonists are Arnold Beaupre Elliott, 51-year-old businessman and the expedition leader; his son, Timothy, 21, a chemical engineering student at Cambridge University; Colin Mudie, 32, a Scottish marine engineer; and his wife Rosemary Mudie, 30.

Mudie is the balloon pilot. Rosemary the copilot, photographer and cook. Timothy is the radio man.

The balloon, 46 feet in diameter with a capacity for 53,000 cubic feet of hydrogen, is made of reinforced plastic. It has been christened "The Small World."

Beneath it is slung a plastic boat, 15½ feet long and 7½ feet wide which will serve as gondola or as a lifeboat should the flight fail.

The party believes the crossing will take nearly two weeks. They plan to drift along about

1,000 feet up, sitting face to face, two abreast, in the gondola.

Pedals operate a series of vanes on opposite sides of the gondola to guide the craft. Pedals also operate pumps to bring up sea water through a hose for ballast or drinking. There is a small distilling apparatus to convert the sea water into drinking water.

There also is a small generator to transform chemicals into hydrogen. This is to compensate for loss of gas. Heat created by the generator will run Mrs. Mudie's cooking stove.

The Boys Scouts' May safety check project was entered in national competition by the Pickaway County Traffic Safety Committee.

The certificate was received late in November by the local Safety Committee president, Winship Story, from the Ohio Safety Committee's representative for this region.

The certificate was presented to Circleville Mayor Ben H. Gordon, who in turn awarded it to Judge Guy G. Cline, Pickaway District Scout chairman, at a meeting of Scout Roundtable held last night.

**Girls' Playday Set for Saturday**

Pickaway County Girls' Playday will start at 9 a. m. tomorrow at the Walnut Twp. School. All county schools are invited to send participants.

The day will consist of such activities as volleyball, under the guidance of Mrs. Robert Mills, Miss Noland and Mrs. Marcus Albright. Rotating trophies will be presented to the winning teams.

Other forms of entertainment are dancing, table tennis and the trampoline. Mrs. Belt, Mrs. Patrick, Mrs. Wayne Evans and Mrs. Chester will be in charge of these activities.

Girls are asked to bring sack lunches. After lunch hour, each school may provide an entertaining skit, or stunt. Parents who have questions concerning playday should contact Mrs. Bobby Ogilvie, Monroe Twp. School.

**Burglars Strike At Williamsport**

The Wright Lumber Co., Williamsport, was burglarized last night, according to the Pickaway County Sheriff's Department.

Deputy Dwight Radcliff said the only article missing was a moisture meter, valued at \$150.

Owner Joe Wright said the building was entered by raising a side window. An unsuccessful attempt was made to force a rear door, he added.

## Jesus' Matchless Power

CHRIST CALMED THE RAGING WATERS AND HEALED  
THE SICK AND TORMENTED

Scripture—Mark 4:35-5:43.

By NEWMAN CAMPBELL  
AFTER PREACHING to His  
listeners in parables, Jesus said  
to His apostles, "Let us pass over  
unto the other side" of the Sea of  
Galilee. So the multitude was sent  
away and they entered a ship. . . .  
"And there arose a great storm  
of wind, and the waves beat into  
the ship, so that it was now full."

—Mark 4:35-37.  
Jesus, doubtless wearied with  
His work, slept on a pillow in the  
stern of the ship, but His fright-  
ened disciples awakened Him, cry-  
ing, "Master, carest Thou not  
that we perish?" He arose and  
"said unto the sea, Peace, be still.  
And the wind ceased, and there  
was a great calm."—Mark 4:38-39.

Jesus then rebuked His com-  
panions for their lack of faith,  
and they, awed by the miracle,  
said, "What manner of man is  
this that even the wind and the  
sea obey Him?"—Mark 4:38-41.

On the other side of the sea a  
man came out of the tombs, one  
tortured by an unclean spirit that  
made him so powerful that no  
chains could hold him as he broke  
them all. He lived in these tombs  
"and always, night and day, he  
was in the mountains, and in the  
tombs, crying, and cutting him-  
self with stones."—Mark 5:2-10.

MEMORY VERSE  
"Go home to thy friends, and tell them how great things  
the Lord hath done for thee, and hath had compassion on thee."—  
Mark 5:19.

self with stones. But when He  
saw Jesus afar off, he ran and  
worshiped Him."—Mark 5:2-6.  
The evil spirits recognized  
Christ, and after they were cast  
out of the man they begged that  
they might enter into some swine  
feeding nearby, and when given  
leave, they entered into the  
beasts, who ran violently down a  
steep place into the sea and "were  
choked in the sea."—Mark 5:10-13.

The man, now sitting clothed  
and in his right mind, begged  
that he might go with Jesus, but  
He said: "Go home to thy friends,  
and tell them how great things  
the Lord hath done for thee, and  
hath had compassion on thee."—  
Mark 5:15-19.

I have wondered if we of this  
generation, in a world that has  
so many serious problems to solve  
in our desire for peace and tran-  
quility, give thanks to God the  
Father in our petitions for the  
many blessings the world still  
gives us. Let us not forget to do  
so, instead of always asking for  
future blessings.

The earth is still beautiful, our  
friends are faithful and true,  
there are still more good people.

than bad. We can all help, even  
the smallest and weakest of us,  
to make our homes places of love  
and peace.

Those who travel in many lands  
find kind, friendly people in them  
all. However, the people of Jesus'  
time, learning of this man who  
had been devil-possessed and in  
torment, were filled with fear, and  
asked him to depart out of their  
coasts.—Mark 5:17.

Then came to Jesus one of the  
rulers of the synagogue, who fell  
at the Lord's feet, telling Him  
that his little daughter was at the  
point of death, and begging Him  
to go to her and heal her. On the  
way, many followed Him. Among  
them was a woman who suffered  
from an issue of blood. When she  
heard of Him, she came with the  
crowd, saying, "If I may touch  
but His clothes, I shall be whole,"  
and she did and was healed.—  
Mark 5:25-29.

Jesus, "Immediately knowing in  
Himself that virtue had gone out  
of Him," asked who touched Him.  
The woman, fearing and trem-  
bling, "fell down before Him, and  
told Him all the truth. And He  
said unto her, Daughter, thy faith  
hath made thee whole; go in peace,  
and be whole of thy  
plague."—Mark 5:27-34.

THE RULER OF THE SYNAGOGUE,  
Jairus by name, was told that he  
need not trouble the Master  
further, for his daughter was  
dead. When Christ heard this He  
said to Jairus, "Be not afraid,  
only believe." Talking Peter,  
James and John with Him. He  
went to the home where all pres-  
ent were weeping and mourning.  
Jesus said, "Why make ye this  
ado, and weep? The damsel is not  
dead, but sleepeth." But they  
laughed Him to scorn.

"And He took the damsel by  
the hand, and said to her, Damsel,  
I say unto thee, arise. And  
straightway the damsel arose, and  
walked; for she was of the age  
of 12 years." All were greatly  
astonished but "He charged them  
straitly that no man should know  
it; and commanded that some-  
thing should be given her to eat."

—Mark 5:34-43.  
What this generation needs is  
such faith in God and Jesus Christ  
—to believe, as He said, "Jesus  
came to earth to do for men what  
they most needed—forgive their  
sins, reveal God, and bestow on  
them eternal life."—Quoted from  
Peloubet's Select Notes, by Dr.  
Wilbur M. Smith.

## 11-Month Year for School Teachers OK'd by OEA Panel

CLEVELAND (AP) — Ohio's  
schools should have a longer  
school year, according to a report  
prepared for the Ohio Education  
Assn. convention.

The report of lengthening the  
school year came out of a study  
made by a committee headed by  
H. I. Smith of the Boys Industrial  
School, Lancaster.

The report favored a plan which  
has been followed in Glencoe, Ill.,  
since 1946, under which teachers  
are on the job for 11 months. The  
pupils apparently do not have the  
longer year.

In the extra months the teach-  
ers are offered training in five  
areas: Advanced study, workshops,  
new curriculum plans, summer  
school teaching and travel.

The four-quarter plan, under  
which schools would operate the

year around and students would  
attend for three quarters, was op-  
posed because additional costs and  
other problems "more than offset  
any claimed advantages."

Another report to be presented  
Friday indicates that 68 per cent  
of Ohio's teachers are women and  
32 per cent are men. More than  
half the women are married and  
almost all the men are married.

The study, based on a sampling  
of about 2,553 of Ohio's 70,000  
teachers, found that the median  
age among Ohio teachers is 45.  
However, 40 per cent of the teach-  
ers are under 40 and 19 per cent  
are under 30.

The median salary for teachers  
last year was \$4,760, with the  
median for men \$600 above that  
for women. The median income in  
families of Ohio teachers in 1957  
was about \$7,670.

Families of Ohio teachers gen-  
erally run small. Only 15.7 per  
cent reported three or more chil-  
dren. And the average teacher  
has a lot of homework. Almost  
60 per cent said they regularly  
spend more than 10 hours a week  
on school work outside of school  
hours.

### Jesus' Matchless Power

CHRIST CALMED THE RAGING WATERS AND HEALED  
THE SICK AND TORMENTED

Scripture—Mark 4:35-5:43.

By NEWMAN CAMPBELL  
AFTER PREACHING to His  
listeners in parables, Jesus said  
to His apostles, "Let us pass over  
unto the other side" of the Sea of  
Galilee. So the multitude was sent  
away and they entered a ship. . . .  
"And there arose a great storm  
of wind, and the waves beat into  
the ship, so that it was now full."  
—Mark 4:36-37.  
Jesus, doubtless wearied with  
His work, slept on a pillow in the  
stern of the ship, but His fright-  
ened disciples awakened Him, cry-  
ing, "Master, carest Thou not  
that we perish?" He arose and  
"said unto the sea, Peace, be still.  
And the wind ceased, and there  
was a great calm."—Mark 4:38-  
39.  
Jesus then rebuked His com-  
panions for their lack of faith,  
and they, awed by the miracle,  
said, "What manner of man is  
this that even the wind and the  
sea obey Him?"—Mark 4:39-41.  
On the other side of the sea a  
man came out of the tomb, one  
tortured by an unclean spirit that  
made him so powerful that no  
chains could hold him as he broke  
them all. He lived in these tombs  
"and always, night and day, he  
was in the mountains, and in the  
tombs, crying, and cutting him-

self with stones. But when He  
saw Jesus afar off, he ran and  
worshiped Him."—Mark 5:2-6.  
The evil spirits recognized  
Christ, and after they were cast  
out of the man they begged that  
they might enter into some swine  
feeding nearby, and when given  
leave, they entered into the  
beasts, who ran violently down a  
steep place into the sea and "were  
choked in the sea."—Mark 5:10-  
13.  
The man, now sitting clothed  
and in his right mind, begged  
that he might go with Jesus, but  
He said, "Go home to thy friends,  
and tell them how great things  
the Lord hath done for thee, and  
hath had compassion on thee."—  
Mark 5:15-19.  
I have wondered if we of this  
generation, in a world that has  
so many serious problems to solve  
in our desire for peace and tran-  
quility, give thanks to God the  
Father in our petitions for the  
many blessings the world still  
gives us. Let us not forget to do  
so, instead of always asking for  
future blessings.  
The earth is still beautiful, our  
friends are faithful and true,  
there are still more good people

#### MEMORY VERSE

"Go home to thy friends, and tell them how great things the  
Lord hath done for thee, and hath had compassion on thee."—  
Mark 5:19.

The ruler of the synagogue,  
Jairus by name, was told that he  
need not trouble the Master  
further, for his daughter was  
dead. When Christ heard this He  
said to Jairus, "Be not afraid,  
only believe." Taking Peter,  
James and John with Him, He  
went to the home where all pre-  
sent were weeping and mourning.  
Jesus said, "Why make ye this  
ado, and weep? the damsel is not  
dead, but sleepeth." But they  
laughed Him to scorn.  
"And He took the damsel by  
the hand, and said to her, Damsel,  
I say unto thee, arise. And  
straightway the damsel arose, and  
walked; for she was of the age  
of 12 years." All were greatly  
astonished but "He charged them  
straitly that no man should know  
it; and commanded that some-  
thing should be given her to eat."  
—Mark 5:22-24.  
What this generation needs is  
such faith in God and Jesus Christ  
—to believe, as He said, "Jesus  
came to earth to do for men what  
they most needed—forgive their  
sins, reveal God, and bestow on  
them eternal life."—Quoted from  
Peloubet's Select Notes, by Dr.  
Wilbur M. Smith.

## 11-Month Year for School Teachers OK'd by OEA Panel

CLEVELAND (AP) — Ohio's  
schools should have a longer  
school year, according to a report  
prepared for the Ohio Education  
Assn. convention.

The report of lengthening the  
school year came out of a study  
made by a committee headed by  
H. I. Smith of the Boys Industrial  
School, Lancaster.

The report favored a plan which  
has been followed in Glencoe, Ill.,  
since 1946, under which teachers  
are on the job for 11 months. The  
pupils apparently do not have the  
longer year.

In the extra months the teach-  
ers are offered training in five  
areas: Advanced study, workshops,  
new curriculum plans, summer  
school teaching and travel.

The four-quarter plan, under  
which schools would operate the

## Illnesses in the Mind

It is sometimes best to allow people who imagine themselves sick, even after doctors have determined there is nothing wrong with them, to go on deluding themselves about their health. This may be a subconscious safety valve preventing anxiety from completely overwhelming persons with neurotic tendencies.

Commenting on one such neurosis which leads perfectly healthy humans to believe they are suffering from heart disease, three American doctors writing in a recent medical publication expressed the opinion that this was simply a defense mechanism against "potentially overwhelming anxiety."

Their interesting conclusions came as the result of a six-year study of 52 persons complaining of chest pains. Thirty-seven of these were regarded as having a "cardiac neurosis" because there was no evidence of heart disease, yet each of the 27 was sure he was suffering from the ailment.

## Market Basically Sound

It has been said many times that when stocks sell at 20 times their earnings or more, there is the making of a severe downturn. There is always that possibility. But the big money that has been booming stock quotations is not invested on the basis of current earnings but on the prospect of future profits.

Many economists expect improving business conditions to last as long as five years. Before the peak of the anticipated prosperity is reached, earnings may be considerably higher than one-twentieth of current quotations of corporation shares.

This prospect, plus the belief that the

people whose neurotic behavior was read. All of the 27 were "intensely anxious of the neurotics used the imaginary heart ailment as an excuse for shirking responsibility or social failures.

When attempts are made to dissuade them, others as a means of explaining the individuals from their ailment beliefs, they become angry and defensive. For this reason the physicians recommend no attempt be made to convince the patient of his good health, recommending instead that attempts be made to find and alleviate the basic cause of his fears.

"Once an individual has allowed himself to regress to this stage of dependency," said the doctors, "it is difficult or impossible for him to relinquish this way of life even though the diagnosis of heart disease has been disproved."

When the cause of an individual's anxieties has been removed, he will no longer find it necessary to rely upon imaginary ailments. But to remove his one recourse to reality is to invite further emotional problems.

end of unflation is not in sight, is putting many types of investment funds into the stock market. Trust funds, pension funds, union welfare funds, company reserves, endowment funds and private hoards all are being poured into corporation shares.

A bad husband sometimes beats a good wife.

## Out of War, Peaceful Gadgets

By Hal Boyle

NEW YORK (AP)—Every now and then an idea developed by the military services turns out to be more useful in peace than in war.

The average housewife, for example, doesn't know she owes a debt to Napoleon. But she does. It was Bonaparte's quest for a method of provisioning his troops on the march that spurred the development of canned food.

Another example was the aerosol bomb developed during the World War II. It is now used to spray everything from whitewash to tooth paste.

A still more promising product is a new "fear gas" being developed by the U.S. Army Ordnance Corps. It already is strong enough to cause an alley cat to become terrified at the sight of a mouse.

In time, says Maj. Gen. August Schomburg, it may become refined to a point where, sprayed on a battlefield, it might temporarily

paralyze the will of enemy troops to fight.

While this certainly would be a great boon in wartime, can't a gas of this kind find equally important civilian employment?

As it is now, millions of ordinary people are so nervous, upset, and afraid, that they meet every daily emergency by swallowing a couple of tranquilizer pills. The pills don't rid them of their fears. They simply dull the impact of their fears.

How much finer your existence would be if, instead of a bottle of tranquilizer pills, you had a pocketful of small new aerosol bombs loaded with superstrong fear gas! Instead of having to calm your own fears you could make everybody else afraid of you.

Are you afraid to ask your boss for a raise? Not with your trusty fear gas bomb. You merely walk into old Scrooge's office, spray him in the face—and wait for him

to hand over to you the keys to the company.

Are you afraid of your wife when you sneak into the house at 3 a.m. after a losing session at poker? Simply squirt a few whiffs of fear gas at her, and she'll run in panic and lock herself in the bedroom.

Whatever frightened you before—supercilious clothing store salesmen, haughty waiters, threatening landlords, arrogant traffic cops—now quakes before you. The barrage of fear gas you spread around you (don't breathe it yourself!) turns you into a conquering hero.

It is a mighty dream. And it has only one flaw. If everybody brought a supply of these fear gas grenades and started tossing them around, then everybody would be afraid of everybody and everything else.

But what's to lose there? Isn't that about the present situation of the world today anyway?

## Was China Betrayed by U.S.?

By George Sokolsky

I heard a man say, with full sincerity, that no matter what else has happened, we have had six years of peace.

What then is peace? If we have to have a budget of \$80,000,000,000, most of which must be spent on military activities, are we at peace? If Soviet Russia makes war on us by new methods, are we at peace? Because we do not know how to use the new methods, or dare not use them if we do know how, are we at peace? If we have to send Marines to Lebanon and the Navy to Quemoy and are now prepared to send ground forces to protect Berlin, are we at peace?

It is essential to read "Wedemeyer Reports," one of the most significant books in recent years, by Gen. Albert C. Wedemeyer, really to grasp what has happened to this nation. This conversation between Wedemeyer and Pat Hurley is pertinent:

"One evening, when we were having a discussion about a certain individual and his loyalty to our effort in the area, Hurley said, 'When you have lived as long as I have, Al, you will learn not to trust anyone until he has proved worthy of your trust.' I thought that over for a minute. Then I said, 'But, Pat, I have always worked on the exact opposite theory. I believe in trusting people until they prove unworthy of my trust.' I developed the thought a little further, pointing out that it had been my experience that if you expect people to measure up to a certain standard and to give loyal

and efficient service, they will as a rule not disappoint you. I said to Pat: 'It seems to bring out the best in them.'"

Wedemeyer soon enough learned how mistaken he was. He tells that reading through reports from a number of State Department experts, "... it seems obvious not only that their sympathies lay with the Chinese Communists, but also that they were either consciously or unwittingly disseminating exaggerated or false, Communist-inspired, reports concerning the Nationalist Government designed to stir up all manner of Sino-American distrust. ... If a nation cannot depend upon its own servants and officials to gather and tell the truth, it is bound to be fooled and tricked. During the war years, Wedemeyer says:

"We in the War Plans Division... had no voice as compared with that of the representatives of foreign countries, in particular Britain and Russia, who were dealing direct with the 'Palace Guard' in their demands for urgent deliveries of munitions and Lend-Lease aid. It soon became obvious that we must have some way of procuring armament and equipment for our own forces, then being mobilized, if U. S. production were not to be given away to all and sundry claimants on our bounty."

This was undoubtedly one of the most serious betrayals of the United States. He adds:

had no power to control the mushrooming wartime agencies. ...

This is no political attack. President Roosevelt is dead and the memoirs of the men who served with him will each add to or detract from his stature as an historical figure.

Wedemeyer is retired and is not running for public office. His services in developing American strategy during the war go down in history for what they are worth. But this is so: that the more we read of the material that is being written farther away from personal relationships and personal ambitions, the more it is clear that the genesis of our present difficulties and of a Cold War that has outlasted any war in which we have been engaged is to be found in the errors and betrayals during the World War II period.

TO GIVE YOU a rough idea of what newspaper editors in frontier towns were up against in the days of the "Wild and Woolly West," Harry Oliver tells about a subscriber who was stopped at the entrance of the Wahoo City Bugle.

"Where's the editor?" he roared.

"First," insisted the clerk on duty, "you gotta tell us what you want to shoot him in reference to."

Alfred Hitchcock conjured up the most ingenious "lead-in" for a TV commercial I've heard in years. "When I was a lad," recalled Mr. H., "I had an uncle who often stood me to dinner. He always accompanied these dinners with interminable stories about himself. But I listened carefully because he was paying the check. I don't know what reminded me of my dear uncle, but we are about to have one of our commercials."

## Beware Carbon Monoxide

By Herman N. Bundesen, M.D.

With winter officially only a short time off, I think a few words of caution about carbon monoxide poisoning are in order.

Oh, I know that most of you are too smart to run the engine of your car in a closed garage. Everyone by now realizes how dangerous that can be.

Yet people do it every year. In Illinois alone, there were 86 deaths from carbon monoxide in a single year. And 39 of them were caused by motor vehicle fumes.

Carbon monoxide is not some new poison developed by our advancing civilization to plague us. It has been poisoning human beings ever since we first learned to build fires in closed places. Development of commercial gas and the combustion engine, however, have increased the danger greatly.

Carbon monoxide is odorless, tasteless and colorless in its pure form. Generally, though impurities in it give it an odor. If you have walked behind an auto with its engine running, I'm sure you have noticed the odor coming from the exhaust pipes.

Now, while none of you would think of sitting in your car in a closed garage with the engine running, most of you would think nothing of parking your car on the

street and sitting inside with the engine operating and the windows closed.

This could be almost as dangerous. Exhaust fumes can find their way up into most cars if there is no wind or auto motion to sweep them away from the vehicle. Safest thing probably is to keep a vent window open if you have to park for any length of time with the engine running.

And always be on the alert for symptoms of carbon monoxide poisoning. While these symptoms vary according to the amount inhaled, they generally include dizziness, headache, sleepiness, nausea and vomiting. There may even be a muscular weakness which renders the victim completely helpless.

Carbon monoxide is lighter than air and is readily diffusible. When it is inhaled, it combines with the red blood cells which ordinarily carry oxygen from the lungs to all parts of the body.

The body depends upon these cells for life-giving oxygen. If they carry carbon monoxide instead, the body suffocates. The brain, especially, is sensitive to this lack of oxygen.

### Question and Answer

C. M.: My doctor tells me I have small blood clots. What causes this? Is this condition dangerous and what is the remedy?

Answer: The importance of small blood clots would depend upon their location, frequency and the age and condition of the patient, factors which you do not mention in your letter.

In certain areas, blood clots may be dangerous, since they block off vital blood supply as in the brain or coronary arteries. In other areas, they may break away and into the blood stream to cause trouble. Your doctor is best able to judge the seriousness of your case.

## The World Today

WASHINGTON (AP) — While Secretary of State John Foster Dulles says the West must have forces to fight limited wars, the Eisenhower administration, bent on economy, cuts the size of the American armed forces.

Sound inconsistent? Not if this country is going to depend more on Allied and friendly countries to use their manpower, with American backing. Dulles seemed to be suggesting that in a speech Thursday at San Francisco.

The only trouble with the idea is whether the Allies and friends have enough strength, without American manpower, to do the job.

Dulles said it is not enough to have great retaliatory striking power. "It is necessary," he said, "to have forces-in-being at endangered points."

This might seem like a switch—but it isn't necessarily so—from that famous speech he made Jan. 12, 1954, in which he said the Eisenhower administration had decided to rely on "massive retaliatory power" for the defense of the United States and the free world.

In that same talk nearly five years ago he appeared to sense that there might be local wars in which massive retaliation wouldn't be used. He said the important thing was to make setbacks by the Communists temporary and local.

On Nov. 19 Secretary of Defense Neil H. McElroy announced orders for a reduction of about 71,000 in Army, Navy, Air Force and Marine Corps manpower. This is part of the administration's effort to cut spending.

The decision to make these reductions had been reached earlier, but action was held up some months because of two war scares: in the Middle East and the Formosa Strait. This country sent troops into Lebanon and backed up Chiang Kai-shek's defense of the island of Quemoy.

When those crises quieted down the administration went ahead with the decision to cut military manpower although it wasn't then, and still isn't, in a position to know whether there would be another crisis next week or next month.

Certainly not all of America's friends could depend on their own manpower to hold out for themselves.

Chiang couldn't have held Quemoy without the big show of American naval strength. And there would have been no need to send American troops into Lebanon if the Lebanese government had been able to protect itself.

Dulles said Thursday: "Nations in close proximity to powerful aggressive forces need the reassurance of some visible force within their own territory. (Meaning, no doubt, a lot of their own military manpower — provided they have it.)"

"They are not content to be wholly dependent upon decisions in other lands."

"Furthermore, vast retaliatory power should not be, and will not be, invoked lightly. There must be an ability to oppose what may be limited probings in ways less drastic than general nuclear war."

Then, as if to suggest most of the manpower would have to be supplied by American friends and Allies if the Communists push them, Dulles said: "Most of the 'limited war' forces are contributed by our Allies. For example, they contribute 80 per cent of the ground forces. We help to maintain and support these forces by supplying, where needed, military weapons, and occasionally some financial support. This is truly a system of collective security."

There's one gap in Dulles' reasoning: If the Communists began

a limited war where an ally had plenty of manpower, this country might be able to see it through with various forms of aid that didn't include manpower.

But what happens if an ally or friend is attacked and doesn't have enough strength—as in the case of Lebanon, which wasn't even attacked—to protect itself?

The more the administration cuts its military forces, the fewer it will have to fight a limited war where they might be needed.

# Santa and the ELF BOY

by LUCRECE HUDGINS BEALE

"Why not give him one more chance," said Santa to the Queen.

**SYNOPSIS:** Esteban is a happy little elf, but everything he does goes wrong. Now the Queen Fairy has given him one last chance—the Sandman's job of putting all the children to sleep. But Esteban has forgotten his task and is reading a book with a boy.

**CHAPTER TWO**  
**ESTEBAN GOES AGAIN**  
Page after page the boy read while Esteban lay on the pillow and looked at the pictures and thrilled to the tale.

When the story was ended Esteban raised his head. "What a story!" he exclaimed. Then his eyes filled with alarm and he sprang to his feet.

"Look," he cried. "It's morning!"

Sure enough, while the boy had read the book had passed away. And children all over the world were happy because they had not closed their eyes that night. But their mothers did not like it.

The Queen Fairy called Esteban to her and said, "Now this is the end, the very end. You are just too careless. I really do not see how we can keep you in Fairyland any longer."

Esteban hung his head. He felt very sad. He didn't know what he

## Debbie Files Her Lawsuit For Divorce

LOS ANGELES (AP)—The marriage the entertainment world once considered ideal, officially hit the shoals Thursday as Debbie Reynolds filed for divorce from Eddie Fisher.

Their split made headlines last September when the crooner began squiring Elizabeth Taylor around New York. Fisher and Miss Taylor have been frequent companions since.

Miss Reynolds alleged extreme cruelty and asked custody of the couple's two children. Her suit did not mention Miss Taylor.

The Fishers had a long, much-publicized romance that culminated with a big wedding at a resort in New York's Catskill Mountains.

Miss Reynolds' brief complaint cited no specific instances of cruelty. It said there is substantial community property of an undetermined amount.

She asked a fair share of this property, reasonable alimony and support for the children, plus attorney fees.

The two married Sept. 26, 1955 and separated Sept. 9, 1958. The children are Carrie, 2, and Todd, 9 months.

Miss Reynolds' attorney said Fisher will not contest the divorce.

A property settlement has been reached and will be signed in a few days, he added.

would do if he had to leave Fairyland.

But it happened that Santa Claus was visiting the Queen Fairy that week and when he saw how sad Esteban was Santa said to the Queen, "Why not give him one more chance?"

The Queen said, "Well, the Sandman is still sick and there really isn't anyone else I can spare so maybe Esteban can..."

"Oh, yes!" cried Esteban. "I'll do it right this time—you'll see!"

And he ran away and began preparing his sand for the night. He threw away all the sand he had not used the night before and filled the bag with sand twice as soft and fine as he had had before.

He filled the bag very full and carried it down and put it at the bottom of a hill so it would be ready for him that night.

After dinner he dressed in his very best clothes and, as he stood in front of the mirror combing his hair, he promised himself that he would do nothing foolish this night.

He felt so good as he started out after the bag of sand that he started to run, and as he ran he sang.

Down the hill he went, pell-mell. Suddenly he tripped in the darkness and shot head first to the bottom of the hill, landing with his face buried in his own bag of sand.

In two seconds the sand had put him sound asleep and there was no one making the Sandman's rounds that night.

The next morning the Queen Fairy called Esteban before a meeting of all the elves and fairies and sprites of Fairyland.

"I am sorry, Esteban," said the Queen sadly, "but I warned you and now you cannot stay in Fairyland any longer."

"Couldn't I have one more?" began Esteban.

The Queen shook her head. "No more chances, Esteban. But if you prove yourself brave and true and

## Khrush Described As Push-Button Policy-Maker

MOSCOW (AP)—Soviet Premier Nikita Khrushchev is a five push-button man. Policy making is his prime field.

These sidelights on the Soviet Premier and Communist party boss came out of his eight-hour interview this week with Sen. Hubert Humphrey (D-Minn.).

"He is a well-informed man on anything you want to talk about," Humphrey told a news conference Tuesday.

"He would put many of our organization politicians, including some of the best ones, to shame."

"He obviously looks upon himself not as an administrator but as a policy maker. He has five push buttons on his desk and I believe he uses them."

"He doesn't bother with small details, but gives his subordinates authority to carry out that policy."

dependable in the world then come back and we shall see."

Then she leaned forward, but before she could touch Esteban Santa Claus said, "Wait!" He had been standing there with the other elves watching and now he came up and put something in Esteban's hands.

It was a little bird with pale blue wings.

"Take this bird for company," said Santa. "If you ever need me tell the bird. He will know where to find me."

"Thank you," said Esteban, taking the bird. "But I won't need any help and I'll be back. Just wait and see."

Then the Queen Fairy leaned forward and gently took the wings from Esteban's shoulders and Esteban began to grow and grow until presently he was just a freckle-faced boy and not an elf any more.

## Hamilton Teachers To Get Pay Hikes

HAMILTON, Ohio (AP)—Payroll checks will be fatter starting Jan. 1 for teachers and other employees of the Hamilton school system.

The school board Wednesday approved a \$700 a year increase for beginning teachers and \$600 a year for those with bachelors' degrees and certain specified training. Non-teaching personnel will receive a 13 per cent increase.

Substitute teachers will receive an additional \$2 a day and home and evening teachers will have their scale hiked 50 cents an hour.

Under the new scale the pay for teachers will range from \$4,000 to \$6,800 a year. The increase will add approximately \$400,000 to salary costs.

## Actress Dies As Stomach 'Explodes'

EAST MEADOW, N. Y. (AP)—The mysterious death Nov. 17 of Sherry Rubin, prominent 19-year-old actress and model, was attributed today to what doctors termed a medical rarity—a stomach explosion from overeating.

Dr. Leslie Lukash, Nassau County medical examiner, said the slightly built 100-pound girl had consumed the equivalent of three or four meals within a few hours.

He said her stomach was ruptured in a vain attempt to vomit. There was a massive contraction of her stomach walls, he said, but instead of the food being forced back up through the gullet "it exploded the upper wall of the stomach close to the esophagus."

"Death from overeating is very rare," said Dr. Lukash as he disclosed the findings of a medical study begun shortly after the actress' death.

He said the girl had been under psychiatric care.

Miss Rubin began as a model for leading fashion magazines, appeared on radio and in summer theaters, then went on to television. In TV she was seen on such top dramatic shows as Studio One, the Alcoa Hour and Playhouse 90.

## Heavy Construction Contracts Climb

NEW YORK (AP)—Heavy construction contract awards reported for the week ended Monday rose to \$399,132,000 from \$273,014,000 the previous week and \$300,970,000 for the corresponding week a year ago.

Construction Daily and Engineering News-Record said the current week's total was made up of \$160,005,000 in private construction and \$239,127,000 in public construction.

This brought volume for the 49 weeks of 1958 to \$18,211,926,000, 6 per cent ahead of last year's pace.

## Health Authorities Alerted Concerning Haitian Dolls

Pickaway County Health Nurse Helen Pickens today was alerted concerning a possible health hazard which may exist in this country.

The notification came from Dr. Ralph E. Dwork, State Director of Health.

The Public Health Service cautioned that Haitian dolls carved from cashew-nut shells, imported and sold in this country as novelties and beverage "swizzle sticks," can have harmful effects on persons handling them. The Public Health Service said that analysis of the dolls revealed that the cashew nut "heads" contain a shell liquid chemically similar to the oil in poison ivy.

Volunteers at the services occupational health field headquarters at Cincinnati who were tested with pieces of the shell developed blistering skin reactions within 35 to 50 minutes. Possibly even more dangerous than cashew-nut heads, the Public Health Service said, are the dolls "eyes," which are believed to be lethal Jequirity beans. The service reported that animal tests indicate that one of the "eyes" taken internally by a baby could cause serious and possibly fatal illness.

THE Public Health Service fol-

lowed a recent allergic outbreak involving 50 students in an Atlanta, Georgia High School. Dr. Harold J. Magnuson chief of the Services Occupational Health Program informed the problem and was told by officials that their government would be asked to stop shipment of the dolls to the United States.

It is believed, however, that a substantial number of dolls have already been sold in this country, and extreme caution is urged in the manner in which they are used. The trouble has arisen only in connection with cashew-nut shell. It is kidney shaped and is an inch or more long and about 3/4 of an inch broad.

## Federal Employee Total Down, Payroll Is Up

WASHINGTON (AP)—Civilian government workers were paid just under 11 1/2 billion dollars in the 1958 fiscal year which ended June 30.

Reporting this today, Sen. Harry F. Byrd (D-Va.) said this total was 455 million dollars more than the civilian payroll for the previous 12 months although there were some 46,754 fewer workers in fiscal 1958.

## Husband's Night Dinner Fete Held by Junior Woman's Club

The tenth annual Husband's Night Dinner party of Circleville Junior Woman's Club was held at Pickaway Country Club last night. Arrangements for the evening were under the direction of Mrs. William Speakman, vice president and program chairman.

Mrs. Sterling Poling, first president of the club served as toastmistress for the program following the dinner which began with an impressive welcoming service for four new members of the group, Mrs. Dwight Rector, Mrs. Don Poling, Mrs. Maynard Slack and Mrs. Merle Turner, Jr. Mrs. Gordon Walters, another new member of the club was unable to be present. Mrs. Stanley Spring, club president conducted the service which included presenting each new member with a yearbook and a pink carnation, the club flower.

The program also included two numbers from the acappella quartet made up of club members, Mrs. Harry Turner, Mrs. Speakman, Mrs. Ted Wolfe and Mrs. Richard Pettitt; a Christmas reading, Mrs. Ray Sapp; and Christmas carols led by Mrs. Wolfe who organized those present in four

caroling groups by giving each person the name of a song and instructing him to sing it until he or she found the remaining members of his particular group. The remainder of the evening was spent dancing to the Hi Fi.

Table decorations included Christmas logs which are being made and sold by the club with white candles and favors at each place of blue and white Christmas angels. Each member's place was marked by a pink carnation tied with blue and white ribbon, the club colors. Members of the decorating committee were Mrs. Poling, Mrs. Richard Farmer, Mrs. Harold Whitmore and Mrs. Norman Kutler.

Attending the dinner were Mr. and Mrs. Harold Miller, Mr. and Mrs. Richard Pettitt, Mr. and Mrs. Sterling Poling, Mr. and Mrs. Ray Sapp, Dr. and Mrs. William Speakman, Mr. and Mrs. Stanley Spring, Mr. and Mrs. Harry Turner, Mr. and Mrs. Harold Whitmore, Mr. and Mrs. Frank Wirth, Mr. and Mrs. Earl Wolfe, Mr. and Mrs. Ted Wolfe, Mr. and Mrs. Maynard Slack, Mr. and Mrs. Merle Turner, Jr., Mr. and Mrs. Don Poling and Mr. and Mrs. Dwight Rector.

Mrs. Wirth will be hostess for the January meeting of Junior Woman's Club.

### Carry-In Meal Planned by Group

The Ladies Aid, Ruth and Rebecca Circles of the First EUB Church will meet at 6:30 p. m. Monday in the service center for a carry-in supper and regular Christmas meeting.

A gift exchange will be a feature of the meeting. Mrs. Zona Hixon will preside.

### Mrs. Matthaes Host for Class

Mrs. Harry Matthaes, Derby, will be hostess to the Cheerio Class of the Derby Methodist Church at 7 p. m. Wednesday.

A covered-dish supper and business meeting will be held. A gift exchange will be featured during the program.

### Mrs. Warner Host For WSWS Meeting

Mrs. Ida Warner, 490 E. Main St., will be hostess to the Women's Society of World Service of Calvary EUB Church at 7:30 p. m. Tuesday.

## Programs Outlined for Homemakers

Miss Fancon Warfield, home economics specialist; Miss Dor Lawrence, housing specialist and Miss Edna Aker, clothing specialist, met recently with the Home Demonstration Council officers in the extension office to discuss the program for the year.

The calendar for the year is as follows: September—organize groups and have a trainer meeting; October—gourmet cooking was held; November—civil defense program and trainer meeting; December—Christmas.

January 1959—storage and closet space; February—millinery; March—selecting and caring of hats; April—open meeting in gardening; September—better breakfasts; November—kitchen storage and December—Christmas.

During the months, trainer classes will be held with qualified leaders to see each group has someone in charge of the program. Specialists from the University or persons who have been trained for this particular program, will assist with these meetings.

Anyone wishing to join the homemakers groups may contact Mrs. Judson Beougher, county president, or may call the extension office.

CHIANTI-COLORED wool is used for Oleg Cassini's dress and low-belted jacket. The slim dress has an upside down apron panel at the front under the double-breasted jacket.

## "Mary Hawthorth's Mail"

DEAR MARY HAWORTH: I was much interested in the problem of the grandparents who are heart sick about their 4-year-old granddaughter's misery, when severely chastised by her mother for trifles. Their tentative protests have been snubbed and they fear an open break in family relations, if they speak plainly.

I believe your advice to them was to speak out and take an open stand. I would like to suggest certain other possibilities.

We are youthful parents of several small children, who display much misbehavior when their grandparents visit. Much of this is kindled by the children's sensing ready sympathy in the grandparents. The children get to play martyr, and how they love it! Putting mommy and daddy on the spot, while they don't haloes in spite of simply revolting misbehavior!

Grandparents probably fall into two categories—the overly severe, and the overly sympathetic. Both types introduce a peculiar chain of problems into the parent-child relationship.

For example, if our children behave like pigs at the table, when alone with us, they are reprimanded immediately. But when their grandparents are here, the children throw bread, stir milk with their fingers, spit food on the floor and kick over dishes with their feet on the table. Yet if we, the parents, so much as raise an eyebrow, the grandparents get shocked at us. They instantly start saying that we are being unkind, etc.

How can we get our children to stop playing martyr?

DEAR E.R.: In fairness to very young children, make a practise of feeding them apart from the elders, at an earlier hour, when grownup guests are expected. Or feed the kids at their usual feeding time, and the adults later on.

Or, if you bring the youngsters to table with the grandparents, and the children misbehave—in gala spirit, or to hog as much attention as possible while opportu-

ity offers—the remedy is as follows: Either ignore the innocent disorder if possible. Or remove the miscreants from the table courteously, with consideration for their inner dignity, even if they aren't showing any.

One thing sure: You haven't got what it takes to cope constructively with the child nature of children, and teach them grace while helping them to truly grow, if you haven't a genuine sympathy for the spot they're on, in being at the mercy of adults.

M.H. Mary Hawthorth counsels through her column, not by mail or personal interview. Write her in care of this newspaper.

## Carry-In Meal Enjoyed by Circle No. 2

Circle No. 2 of Trinity Lutheran Church met Thursday with a carry-in dinner at the home of Mrs. Christian Schwarz, 147 Watt St. There were 21 members and two guests present.

Mrs. Jack White, chairman, opened the meeting by reading the poem, "The Heart of Christmas." Life membership pins were presented to Mrs. Flora Schreiner and Mrs. White by the Life Membership and Memorial chairman, Mrs. Luther Bower.

Mrs. Herbert Hammel gave the report on the special needs. There were two members having perfect attendance for the 1958 year. They were Mrs. Schwarz and Mrs. White.

A playlet "Christmas Thoughts" was presented. Those taking part were: Mrs. White, Mrs. Francis McGinnis, Mrs. Dudley Carpenter, Mrs. Ira Harrington, Mrs. Carl Zeher, Mrs. Schwarz, Mrs. V. D. Kerns and Mrs. Noble Barr.

The meeting closed with members repeating the Lord's prayer. During the social hour, the exchange of gifts was held.

## Junior League To Meet Tonight

The Junior Art League will meet at 6:30 p. m. tonight in Trinity Lutheran Parish House.

## Yule Program Set for Group

The Women of St. Philip's Church will meet at 8 p. m. Wednesday in the parish house for their Christmas program.

Covers from flower seed packets make unique and colorful decals for your kitchen cupboards. Paste them on and cover with thin shellac.

## Covered-Dish; Yule Program Held by WSWS

"Everywhere, Everywhere, Christmas" was the theme for the annual Christmas Covered-Dish dinner of the Woman's Society of Christian Service of the First Methodist Church. The dinner was held Wednesday evening in the social rooms of the church.

Mrs. Robert Johnson was in charge of the devotions. She used for her meditation "And There Were Shepherds." Mrs. James Hodges presented the solo, "Convent Carol."

Mrs. James Shank was in charge of the program. Several persons presented short readings of how Christmas was celebrated in other countries.

Mrs. Herbert Southward presented a reading on Brazil; Mrs. C. O. Schweizer, Spain; Mrs. Richard Wilson, England; Mrs. Karl Johnson, Denmark; Mrs. James Rice, Russia; Mrs. Richard Funk, Yugoslavia; Mrs. Hewitt Har-moun, Bethlehem; Mrs. Paul Wachs, India; Mrs. John Evans, China; Mrs. Dorothy Adkins, Australia; Mrs. Harry Griner, Canada and Mrs. Don Crist, United States.

"The Happy Christmas Comes Once More," "To All the Earth" and "To Jesus to the End of the Earth" were songs presented by Mrs. Larry Graham and Mrs. Carl Heffelfinger.

Each circle was responsible for their own table decorations. The decorations were of a Christmas theme.

## Gala A-Fair Name Chosen By Council

"A-Gala A-Fair" was the name chosen for the Christmas program when the officers of the Pickaway County Home Demonstration Council met in the extension office on Monday.

The council discussed and made final plans for the Christmas Bazaar which will be held from 10:30 a. m.-3 p. m. December 10th in Trinity Lutheran Parish House.

A gourmet dish dinner will be served at noon. There will be group displays on items that are to be sold. Each of the 11 groups are responsible to have items to sell.

Following the luncheon, officers for 1959 will be installed by Mrs. Myron Schell, a brief program and bazaar items will be sold.

If you are in the need of something different for a gift came to the Gala A-Fair. A person can see what they might make as a member of one of the Homemaker groups.

## Major League Players Plan Pushing Demand

Owners Rebuff Call For 20 Pct. Cut of Over-All Revenue

WASHINGTON (AP) — The major league players appeared unruffled today by the owners' re-buff of their demands for a percentage of the clubs' gross income.

The players predicted ultimate victory in the financial tug-of-war. Acting on the final day of their winter meetings, the magnates flatly rejected the players' proposal for a 20 per cent cut of the over-all revenue.

The calm reaction of the players came as somewhat of a surprise because of their earlier threat of drastic action in the event of refusal.

"The players are far from discouraged by the owners' latest action," said J. Norman Lewis, the players' attorney and spokesman.

"The owners have made flat rejections of other player requests before and eventually reconsidered."

"They intend to continue to present their arguments with persistent and patient negotiations for a more equitable participation in the increased revenue which has accrued to the owners over the past decade."

Lewis said he planned to meet with league player representatives Robin Roberts of Philadelphia and Eddie Yost of Washington to discuss the players' next move. He said the players did not intend to be stubborn in their demands and would be amenable to a counter proposal.

In other windup action, the owners decided on a three-week free trading period from Nov. 21 through Dec. 15. In this period, players may be swapped from one league to the other without first obtaining waivers. The plan will go into effect next year.

Commissioner Ford Frick frowns on the idea and said he may ask the owners to reconsider this decision at their summer meetings.

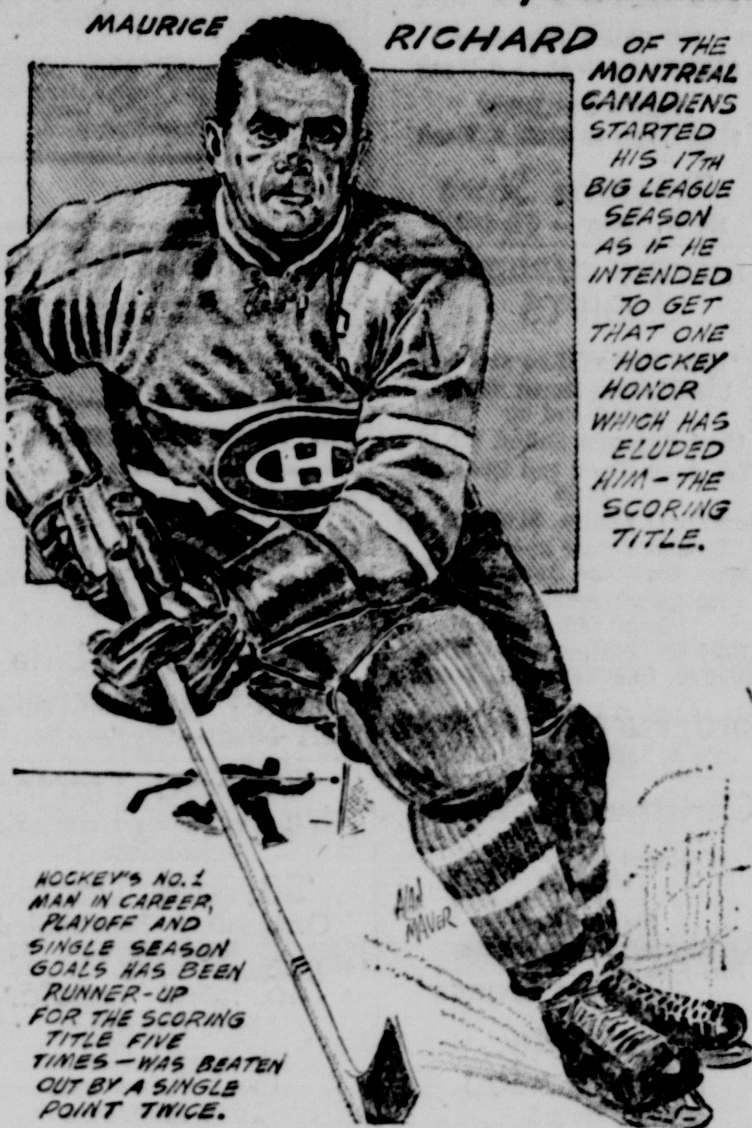

The majors, as expected, adopted the watered-down version of the unrestricted player draft passed by the minors at their convention earlier in the week.

Under the plan, a minor league player who escapes the draft after his first year becomes ineligible for selection until he has completed the normal draft period. This period varies from two to four years, depending upon his league classification.

American League owners followed the example set by the National League and appointed a two-man committee to select an outside research organization to explore such baseball problems as expansion, realignment and television.

The two committees, to be headed by Phil Wrigley, president of the Chicago Cubs, will work in unison.

Dayton, Roger Detrick, Fred Eh-rensberger, Charles Foreman, Tom Ryan; Dublin, Daniel Ull-mann.

East Liverpool, George Hale; Fremont, John Level; Hilliards, Richard Harrison; Hamilton, John Banks; Logan, Lynn Strait; Lon-don, David Tingley.

McArthur, Jack Armstrong; Magnolia, Roger Boucher; Mid-dletown, Jack Wallace; Marion, Robert Lister, Robert McMahon, Jerry Harbin; Massillon, Tom Rush; Marietta, Bill Blooming-

dale; Mt. Vernon, Brice Hess.

Parma, Richard Rice; Proctor-ville, Dale Skinner; Piqua, Ronald Weldy; Plain City, James Mecker.

Shaker Heights, Donald Turner, Strongsville, Jack Roberts; Smith-field, Jene Watkins; Shreve, Rich-ard Morgan; Toledo, John Geis-ler; Troy, Ronald Houck, Robert Ferguson; Zanesville, Charles Bryant.

Out-of-state award winners were Tom Perdue, Huntington, W. Va.; William Spickch, Elbert, W. Va.; Von Hardman, Spencer, W. Va.; Louis Griffin, Cuba, Ala., and Ric-hard Haupt, Sumner, Iowa.

## Tigers Slated If Weather Will Cooperate

Circleville High School's cage Tigers are slated for their first home game of the season tonight providing the heavy snow doesn't prevent Franklin Heights from making the trip here.

Last Friday's scheduled opener at Athens was postponed due to snow. However, the Tigers were able to make the trip on Saturday night. Athens won the contest, 52-40.

Coach Dick Snouffer said he hopes that Route 23 will be passable by this afternoon so that FH can make the trip. If played, it will mark the first South Central Ohio League engagement for both teams.

Coach Snouffer probably will rely on the same starters who got the nod at Athens. This lineup had Captain Rowland and Asa Elsea at guards, Larry Hannahs at center and Joe Adkins and Bob Shadley at forwards.

Weather permitting, the Tigers are scheduled for another test to-morrow night at Chillicothe.

## Saltcreek Edges Deercreek, 41-33

The Saltcreek junior high basketball squad yesterday afternoon toppled the invading Williamsport Deers, 41-33.

The Warriors won the contest in the first quarter, running up a 12-2 margin. Both units got "hot" in the second stanza as Saltcreek tallied 14 points and Deercreek, 12, for a Warrior 26-14 halftime lead. Williamsport rallied in the second half, scoring 11 points to Saltcreek's three in the final quarter, but was unable to equal the Warriors' early game lead.

Ben Horne led scoring for Saltcreek with 16 points, followed by teammates Terry Anderson and Gary Hardman with seven mark-ers each. Williamsport's scoring was led by Fenstermaker and Bruce Willis with nine points apiece.

Warrior Arthur Murray control led the bankboards for Saltcreek.

## DuPont Cage Loop Opens

A new basketball league organized by the local DuPont plant calls for games at the Pickaway County Fairgrounds Coliseum.

Two games will be played on each date. Sunday contests start at 4 p. m. and Wednesday tests at 7 p. m., with two tilts slated for each meeting.

League officials said seven teams will participate in the 22-game schedule.

Action officially started this week, with C shift chalking a 55-48 win over B shift and D shift coming through with a 48-41 decision over E shift.

## Dietrich Downs Deer in W. Va.

John Dietrich, owner of Circle D Recreation on E. Main St., bagged an eight-point deer in West Virginia this week.

Dietrich said the buck weighed about 200 pounds. The local bowling alley owner noted that it was necessary to cut the animal in quarters in order to carry it out of the rugged West Virginia hills where he was hunting.

## Finsterwald Trails In Dorado Beach Test

DORADO BEACH, Puerto Rico (AP)—Dow Finsterwald of Athens, Ohio, shot a first round 73 Thursday in the Dorado Beach Invitational Golf Tournament. Howie Johnson of Glenwood, Minn., leads the field with a 70 over the par 72 course.

### Baseball Traders Continue Dealing

WASHINGTON (AP) — The St. Louis Cardinals and Philadelphia Phillies, shuffling talent after disappointing seasons, were the busiest traders in the National League during the winter meetings.

With Frank Lane priming the pump, the Cleveland Indians and Boston Red Sox set the pace in the American League.

Solly Hemus, starting a new career as a big league manager with the Cards, came up with two right-handed hitting outfielders in Chuck Essegian and Gino Cimoli.

He gave up Wally Moon, a left-handed hitting outfielder, to Los Angeles and Ruben Amaro, a light hitting (.224) but fancy fielding shortstop, to Philadelphia.

Phil Paine, a right-handed relief pitcher already demoted to the Omaha farm, went to Los Angeles' Spokane farm in the deal that sent Moon to the Dodgers for Cimoli, a 246 disappointment after a fine rookie year.

Essegian, former Stanford football player, hit .246 in a partial year with the Phils. He may wind up as a pinch hitter.

The Phils, in addition to acquiring Amaro as insurance behind Chico Fernandez, secured Valmy Thomas, a much-needed catcher. They also got Ruben Gomez, an experienced pitcher, from San Francisco in the swap that brought them right-handed pitcher Jack Sanford, the National League Rookie of the Year in 1957.

San Francisco unloaded the 31-year-old Gomez (10-12) and Thomas (.259) to get Sanford (10-13), a strong armed pitcher who can take a turn every fourth day.

Trader Lane, Cleveland general manager, latched onto a fine center fielder in Jimmy Piersall who hit only .237 at Boston. To get Piersall, Lane gave the Red Sox first baseman Vic Wertz and center fielder Gary Geiger, a fleet youngster who was highly regarded in the St. Louis organization in 1957.

Lane also came up with Russ Heman, a right-handed pitcher from Baltimore's farm at Vancouver where he had a 9-12 record. In return, Lane gave the Orioles second baseman Bobby Avila, league batting champ in 1954 but now .32. He hit only .253 last season.

The Red Sox also made a deal

with Detroit, shifting Lou Berberet, left-handed hitting catcher, to the Tigers for Herb Moford, a right-handed pitcher who had a 4-9 record at Detroit last season. The Tigers were hurting badly for catching.

Many other deals were reported in the making. Some may pop when the club owners return home.

Michigan State has won two of three bowl games. The Spartans lost to Auburn in the 1958 Orange Bowl game but beat UCLA in the 1954 and 1956 Rose Bowl contests.

### Cincy Pro Cage Timing Hassle Brings Dispute

By THE ASSOCIATED PRESS  
Are the Boston Celtics or the New York Knickerbockers in first place in the Eastern Division of the National Basketball Assn? The answer is up to League President Maurice Podoloff. He has in his possession a letter protesting Cincinnati's 108-106 victory over New York Wednesday night.

It's being called the mysterious case of the "lost minute" because the Cincinnati timer told the referees the clock had not been functioning properly. He said that it had jumped from 2:00 left to play to 2:59 instead of 1:59. New York Coach Fuzzy Levane howled.

Officially, Boston's 116-114 victory over Syracuse Thursday night put the Celtics in the top spot with a 12-6 record for 667. The Knicks are a half length behind. But if the Cincinnati setback is thrown out, it would give New York an 11-5 record for 688.

### Major League Players Plan Pushing Demand

Owners Rebuff Call For 20 Pct. Cut of Over-All Revenue

WASHINGTON (AP) — The major league players appeared unruffled today by the owners' re-buff of their demands for a percentage of the clubs' gross income.

The players predicted ultimate victory in the financial tug-of-war. Acting on the final day of their winter meetings, the magnates flatly rejected the players' proposal for a 20 per cent cut of the over-all revenue.

The calm reaction of the players came as somewhat of a surprise because of their earlier threat of drastic action in the event of refusal.

"The players are far from discouraged by the owners' latest action," said J. Norman Lewis, the players' attorney and spokesman.

"The owners have made flat rejections of other player requests before and eventually reconsidered."

"They intend to continue to present their arguments with persistent and patient negotiations for a more equitable participation in the increased revenue which has accrued to the owners over the past decade."

Lewis said he planned to meet with league player representatives Robin Roberts of Philadelphia and Eddie Yost of Washington to discuss the players' next move. He said the players did not intend to be stubborn in their demands and would be amenable to a counter proposal.

In other windup action, the owners decided on a three-week free trading period from Nov. 21 through Dec. 15. In this period, players may be swapped from one league to the other without first obtaining waivers. The plan will go into effect next year.

Commissioner Ford Frick frowns on the idea and said he may ask the owners to reconsider this decision at their summer meetings.

The majors, as expected, adopted the watered-down version of the unrestricted player draft passed by the minors at their convention earlier in the week.

Under the plan, a minor league player who escapes the draft after his first year becomes ineligible for selection until he has completed the normal draft period. This period varies from two to four years, depending upon his league classification.

American League owners followed the example set by the National League and appointed a two-man committee to select an outside research organization to explore such baseball problems as expansion, realignment and television.

The two committees, to be headed by Phil Wrigley, president of the Chicago Cubs, will work in unison.

### GOAL TO GO - - - - By Alan Mavei

MAURICE RICHARD OF THE MONTREAL CANADIENS STARTED HIS 17TH BIG LEAGUE SEASON AS IF HE INTENDED TO GET THAT ONE HOCKEY HONOR WHICH HAS ELUDED HIM—THE SCORING TITLE.

Of the 63 Ohio State freshmen who received football sweaters and numeral awards this season, 58 are graduates of Ohio high schools, representing 41 cities and towns of the state. Of the five out-of-state frosh, three are from West Virginia, one from Alabama and one from Iowa.

Cleveland leads in representation with seven, followed by Columbus with five and Dayton four. Marion has three but all other communities have one or two.

The award list by cities: Akron, Mike Coburn; Alliance, Dick Plummer; Amherst, Dennis Clout; Ash-tabula, Allan Lundstrom.

COLUMBUS, Harold Ward, Ronald Kauffman, Bernie Keneavy, Robert Madden, Herman Poluton; Cleveland, Gary Hansley, Terence Hansley, Robert Shuster, Ray Centa, Ray Giden, Larry Mentz, Leonard Stupczy; Cincinnati, George DeStefano, George Wiltmer; Canton, Paul Martin; Coshocton, Larry Stephens; Cambridge, Gene Sulech.

Dayton, Roger Detrick, Fred Ehrensberger, Charles Foreman, Tom Ryan; Dublin, Daniel Ullmann.

### Tigers Slated If Weather Will Cooperate

Circleville High School's cage Tigers are slated for their first home game of the season tonight providing the heavy snow doesn't prevent Franklin Heights from making the trip here.

Last Friday's scheduled opener at Athens was postponed due to snow. However, the Tigers were able to make the trip on Saturday night. Athens won the contest, 52-40.

Coach Dick Snouffer said he hopes that Route 23 will be passable by this afternoon so that FH can make the trip. If played, it will mark the first South Central Ohio League engagement for both teams.

Coach Snouffer probably will rely on the same starters who got the nod at Athens. This lineup had Captain Rowland and Asa Elsea at guards, Larry Hannahs at center and Joe Adkins and Bob Shadley at forwards.

Weather permitting, the Tigers are scheduled for another test tomorrow night at Chillicothe.

### Saltcreek Edges Deercreek, 41-33

The Saltcreek junior high basketball squad yesterday afternoon toppled the invading Williamsport Deers, 41-33.

The Warriors won the contest in the first quarter, running up a 12-2 margin. Both units got "hot" in the second stanza as Saltcreek tallied 14 points and Deercreek, 12, for a Warrior 26-14 halftime lead.

Williamsport rallied in the second half, scoring 11 points to Saltcreek's three in the final quarter, but was unable to equal the Warriors' early game lead.

Ben Horne led scoring for Saltcreek with 16 points, followed by teammates Terry Anderson and Gary Hardman with seven markers each. Williamsport's scoring was led by Fenstermaker and Bruce Willis with nine points apiece.

Warrior Arthur Murray control led the bankshots for Saltcreek.

### DuPont Cage Loop Opens

A new basketball league organized by the local DuPont plant calls for games at the Pickaway County Fairgrounds Coliseum.

Two games will be played on each date. Sunday contests start at 4 p. m. and Wednesday tests at 7 p. m., with two tilts slated for each meeting.

League officials said seven teams will participate in the 22-game schedule.

Action officially started this week, with C shift chalking a 55-48 win over B shift and D shift coming through with a 48-41 decision over E shift.

### Dietrich Downs Deer in W. Va.

John Dietrich, owner of Circle D Recreation on E. Main St., bagged an eight-point deer in West Virginia this week.

Dietrich said the buck weighed about 200 pounds. The local bowling alley owner noted that it was necessary to cut the animal in quarters in order to carry it out of the rugged West Virginia hills where he was hunting.

### Finsterwald Trails In Dorado Beach Test

DORADO BEACH, Puerto Rico (AP)—Dow Finsterwald of Athens, Ohio, shot a first round 73 Thursday in the Dorado Beach Invitational Golf Tournament. Howie Johnson of Glenwoodie, Minn., leads the field with a 70 over the par 72 course.

Del Wilbur, new Cincinnati Redleg coach, hit three home runs for the Phillies against Redleg hurler Ken Raffensberger in one game in 1951.

# Robertson Leads Cincy '5' To Another Cage Victory

By THE ASSOCIATED PRESS

The University of Cincinnati with all-America Oscar Robertson clicking for 41 points, turned back New York University 88-67 at Madison Square Garden Thursday night.

Robertson, last year's national collegiate scoring champion with a 35 point a game average, was "held" to 16 points in the first half. But he put on a dazzling display after the intermission, caging 25 points.

NYU built up a 15-3 lead before the Bearcats got rolling. Cincinnati rallied to get a 33-41 half-time tie. Cincinnati went ahead for good at the opening of the second half on a free throw by Dave Tenwick.

In other games played Thursday night, Ohio Wesleyan scored a 90-82 victory over Otterbein in an Ohio Conference game despite the brilliant performance of Otterbein's John Lechner who scored 41 points.

The University of Toledo won its second straight game with an 81-70 triumph over the University of South Dakota. Hitting on 55 percent of their shots, the Rockets jumped off to a 21-12 lead early in the first half and were never headed.

Ohio University opened its season with an easy 86-53 win behind the 25-point performance of Dick

Scott. It was Marietta's first loss after taking their opener against Rio Grande.

Capital University after a see-saw first half that ended in a 36-36 deadlock, found the range against Gustavus Adolphus of St. Peter, Minn., in the second half for an 83-73 win.

John Carroll routed Western Reserve 84-53, outscoring Reserve 30-9 in the opening minutes of the second half. The game began Carroll's defense of the President's Athletic Conference cage crown it won last season.

Findlay's Oilers overcame a 12-point deficit to down Detroit Tech 83-79 for its second straight win behind the 31-point effort of Joe Hanauer.

## Akins Is Favored In Bout Tonight

LOS ANGELES (AP) — World welterweight champion Virgil Akins, risking his title for the first time, is a solid favorite to keep it in 15 rounds or less tonight against Don Jordan of Los Angeles.

The fight goes on at the Olympic Auditorium and will be televised nationally (NBC) at 7 p.m. (PST). This area for a 300-mile radius will be blacked out.

## Kent State Hosts Cage Tournament

KENT, Ohio (AP)—Kent State cagers are host to basketball teams from the universities of Tennessee, Michigan and Wyoming today and Friday, for the Midwest Invitational Tournament. Tennessee is favored to win.

Gene Tormohlen, Tennessee's 6-foot-8 star, will lead the volunteers against Michigan in the opening round. Wyoming, champs of the Skyline Conference last season, will oppose Kent in the second

## Rams Fans To Turn Out For Colt Tilt

LOS ANGELES (AP) — The Baltimore Colts have clinched the Western Division title of the National Football League and the Los Angeles Rams are definitely in the also-ran class.

Yet 70,000 or more fans are expected to crowd into Memorial Coliseum Saturday to see a game

that actually means nothing. The local heroes have won six games and lost four and are tied with the Chicago Bears for the second spot in the division.

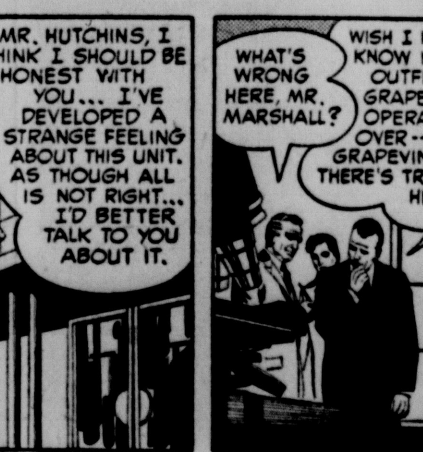

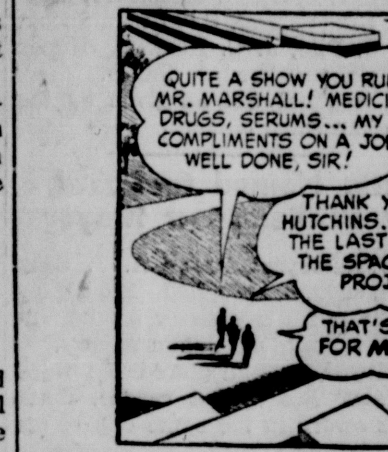

The Colt-Ram battle on Saturday, a departure from the usual Sunday games, was arranged so a national television offering (CBS 130 p.m. PST). Los Angeles will be blacked out.

League hostilities otherwise resume Sunday, with the Cleveland

Browns favored to retain their one-game lead over the New York Giants in the still-unsettled Eastern Division race.

The Browns play the cellar-Philadelphia and the Giants go to Detroit to meet the Lions. Cleveland's record is 8-2, the Giants 7-3. Other games include the Pittsburgh Steelers at Washington, the Chicago Bear-Cardinal brawl in the Windy City and the Green Bay Packers and the San Francisco 49ers in San Francisco.

Robertson, last year's national collegiate scoring champion with a 35 point a game average, was "held" to 16 points in the first half. But he put on a dazzling display after the intermission, caging 29 points.

NYU built up a 15-3 lead before the Bearcats got rolling. Cincinnati rallied to get a 33-all-half-time tie. Cincinnati went ahead for good at the opening of the second half on a free throw by Dave Tenwick.

In other games played Thursday night, Ohio Wesleyan scored a 90-82 victory over Otterbein in an Ohio Conference game despite the brilliant performance of Otterbein's John Lechner who scored 41 points.

The University of Toledo won its second straight game with an 81-70 triumph over the University of South Dakota. Hitting on 55 per cent of their shots, the Rockets jumped off to a 21-12 lead early in the first half and were never headed.

Ohio University opened its season with an easy 86-53 win behind the 25-point performance of Dick

Rams Fans To Turn Out For Colt Tilt

LOS ANGELES (AP)—The Baltimore Colts have clinched the Western Division title of the National Football League and the Los Angeles Rams are definitely in the also-ran class.

Yet 70,000 or more fans are expected to crowd into Memorial Coliseum Saturday to see a game that actually means nothing.

The local heroes have won six games and lost four and are tied with the Chicago Bears for the second spot in the division.

The Colt-Ram battle on Saturday, a departure from the usual Sunday games, was arranged so a national television offering (CBS 130 p.m. PST). Los Angeles will be blacked out.

League hostilities otherwise resume Sunday, with the Cleveland Browns favored to retain their one-game lead over the New York Giants in the still-unsettled Eastern Division race.

The Browns play the cellar-Philadelphia and the Giants go to Detroit to meet the Lions. Cleveland's record is 8-2, the Giants 7-3.

Other games include the Pittsburgh Steelers at Washington, the Chicago Bear-Cardinal brawl in the Windy City and the Green Bay Packers and the San Francisco 49ers in San Francisco.

## WELCOME FOR GLENN F. ZEIMER

GLENN F. ZEIMER, aviation machinist's mate first class, U. S. Navy, is shown above being welcomed aboard the U. S. Naval Missile Center, Point Mugu, Calif., by Rear Admiral Jack P. Monroe, USN, Commander, Pacific Missile Range.

Zeimer is the son of Orville Zeimer, Stoutsville, and the husband of the former, Lois Sullivan, Twin Lakes, Minn. Zeimer reported to the Missile Center on November 14 from the Naval Air Station Quonset Point, R. I.

He has been assigned to the Range Operations Department. He enlisted in the Navy in November, 1942, and received his recruit training at the U. S. Naval Training Center, San Diego, Calif.

Upon completion of "boot" training, he was assigned to the aircraft carrier, USS Essex. He was next ordered to the Naval

Air Station, Charleston, R. I. In October, 1947, he was transferred to recruiting duty at Miles City, Mont. He was next assigned to the Naval Air Station, Chincoteague, Va.

The mission of the Naval Missile Center is to test and evaluate guided missiles and their components. Fleet units are also assigned to the Center to be trained in the operations of specific missiles before missiles are turned over to the fleet for tactical use. Missiles currently tested at Point Mugu are Regulus I, Regulus II, Sparrow III, and Bullpup.

The Pacific Missile Range, the nation's largest, maintains its headquarters at Point Mugu. The Range extends 500 miles long paralleling the California Coast and thousands of miles seaward, for testing ICBMs and IRBMs. This Range will be available for all three Armed Services.

temporary duty to assist in the introduction of the RF-101 "Voodoo" planes to reconnaissance units of the U. S. Air Force located in the Far East.

Anderson's home station is Shaw AFB, S. C., where he is a pilot of the 20th Tactical Reconnaissance Squadron. He was chosen to participate in the "first-ever" aerial delivery of single-place jet fighters to USAF units in the Far East.

This involved their flying RF-101's from California to Okinawa, a distance of 7,000 miles. Captain Anderson's detachment of pilots and maintenance personnel has remained as advisors to the unit to which the aircraft were delivered.

CAPTAIN Anderson is the son of Mr. and Mrs. Ted Anderson, Mt. Sterling. In his absence, his wife and three children, Dima, Richard and Kimberly, are visiting with her parents, Mr. and Mrs. Sherman Campbell, Route 2, Williamsport.

Mrs. Anderson was a 1949 graduate of Circleville High School and attended Ohio University.

## Stockyard Co. Wins \$17,033 Court Award

The Columbus Union Stockyards, Columbus, yesterday morning in Pickaway County Common Pleas Court, was awarded a judgment of \$17,033.83 plus interest, against Arthur Berger, Commercial Point.

Union Stockyards maintained that on Aug. 13, 1957 it loaned Berger two checks in the amount of \$18,921.25 with his promise to repay on demand.

When Columbus Stockyards demanded payment on Aug. 21, 1957, it was unable to collect. After hearing evidence from both sides, presiding Judge William Ammer, ruled in favor of the plaintiff.

Columbus Stockyards stated it owed Berger \$1,887.42 for hogs and this amount was deducted from the total. Berger was represented by Harry Margulis, Ashville.

UNION STOCKYARDS was represented by local attorney, Tom A. Renick, and the Columbus firm of Jenkins, Williams, Wendt, Murray and Deeg.

Recently the Common Pleas Court awarded a judgment against Berger in favor of the Washington C. H. Union Stockyards in the amount of \$9,158.74.

Washington C. H. Union Stockyards alleged that on Aug. 14, 1957 Berger gave it a check for the above amount. When the stockyards attempted to cash the check, it found the check returned

for lack of funds in Berger's account.

Judge Ammer ordered the plaintiff to recover the amount for the above with interest from the defendant.

Another case before the court is a suit against Berger by the Washington C. H. Stockyards for \$2,925.58 due it on an open account.

Berger has filed a cross petition stating that since Mar. 4, 1954 he has dealings with the Stockyards amounting to \$6,688,739.22 for which he has only received \$6,658,324.34.

He has therefore sued for \$30,414.88 he stated is owed him by the stockyards, which has filed an an-

swer denying Berger's charges. Robert Wright, Mt. Sterling, represents Washington C. H. Stockyards.

### Stockyard Co. Wins \$17,033 Court Award

The Columbus Union Stockyards, Columbus, yesterday morning in Pickaway County Common Pleas Court, was awarded a judgment of \$17,033.33 plus interest, against Arthur Berger, Commercial Point.

**Union Stockyards maintained** that on Aug. 13, 1957 it loaned Berger two checks in the amount of \$18,921.25 with his promise to repay on demand.

When Columbus Stockyards demanded payment on Aug. 21, 1957, it was unable to collect. After hearing evidence from both sides, presiding Judge William Ammer, ruled in favor of the plaintiff.

Columbus Stockyards stated it owed Berger \$1,887.42 for hogs and this amount was deducted from the total. Berger was represented by Harry Margulis, Ashville.

**UNION STOCKYARDS** was represented by local attorney, Tom A. Renick, and the Columbus firm of Jenkins, Williams, Wendt, Murray and Deeg.

Recently the Common Pleas Court awarded a judgment against Berger in favor of the Washington C. H. Union Stockyards in the amount of \$9,158.74.

Washington C. H. Union Stockyards alleged that on Aug. 14, 1957 Berger gave it a check for the above amount. When the stockyards attempted to cash the check, it found the check returned

for lack of funds in Berger's account.

**Judge Ammer ordered** the plaintiff to recover the amount for the above with interest from the defendant.

Another case before the court is a suit against Berger by the Washington C. H. Stockyards for \$2,925.58 due it on an open account.

Berger has filed a cross petition stating that since Mar. 4, 1954 he has dealings with the Stockyards amounting to \$6,688,739.22 for which he has only received \$6,658,324.34.

He has therefore sued for \$30,414.88 he stated is owed him by the stockyards, which has filed an answer denying Berger's charges.

Robert Wright, Mt. Sterling, represents Washington C. H. Stockyards.

### Fund Campaign Nets \$153 Here

The Muscular Dystrophy fund campaign here ended last week with the collection of \$153.

Fire Chief Talmer Wise, chairman of the drive in Pickaway County, said the funds were collected during November.

Wise said 126 canisters were placed at business establishments throughout the county. He noted that the total here was above average.
